in May 1952, the cantonment located directly southwest of the railroad line from Gleiwitz (Q 51/Y 37) to Kochlowice (Q 51/Y 57), on the southeast side of the road from Makoszowy to Hindenburg (Q 51/Y 47), was not occupied. In May 1952, the cantonment had been occupied by SP (Polish Labor Service) units. Their present whereabouts were undetermined. The installation was to be used as a depot 2

As elements of the 1932 class were inducted in the fall of 1951 and the spring of 1952, it is believed that only relatively small elements of the 1932 class were due to be inducted in the fall of 1952. As indicated by other information, the first elements of the 1933 class may have been inducted at the same time, which policy would correspond to the Soviet system.
